Can Rock

brought to you by the
Women Rock Project™

Welcome!

The Women Rock Project is dedicated to inspiring and supporting you to Rock Your Life. This is the time to commit to changing everything in your life that doesn't fit in to your vision of who you want to be. Your work, relationships, and well-being depend on you discovering that path.

This free gift will help you explore the endless exciting possibilities that are open to a woman who rocks. The women in the videos share how they came to see that they must change, then the obstacles they had to overcome to lead the life of their dreams. They also share the changes they needed to make for their personal well-being: physical, emotional, and mental.

When you're doing the work and sharing your unique gifts with the world, you will benefit others and you'll be a gift to the world. You can do it!

About Women Rock Project

Women Rock Project™ is the largest video library of women's wisdom to inspire, educate, and motivate you. Video clips for, by, and about women offer personal revelations of women living passionate, joyful lives. They share the insights and secrets gained from their own life experiences. With new videos every day, we're here 24/7 to inspire and delight you. These stories will give you the courage to become the hero of your own life so together we can change the world.

About the Founder and Director

Sherry Brier is a lifelong successful entrepreneur for 30 years who is passionate about inspiring women to reach their highest potential. She is founder and director of WomenRockProject.com, the largest online video library of women's wisdom to inspire, educate, and motivate.

Sherry began her quest to create beauty as a jewelry designer for 20 years. In her desire to inspire and teach other women to pursue their own creative paths, she founded and directs Inner Rhythm Movement Arts Institute. She is the author of *Doorway to Ecstasy: A Dancer's Initiation*, a book about her 30 years teaching, choreographing, performing, and directing two dance companies.

As an anchor for Sibyl Magazine with a column, *Living Your Magnificent Feminine Life*, Sherry has continuously inspired women to open new businesses, become professional dancers, and follow their dreams.

Sherry says, "My personal mission is to manifest my highest dreams and visions, to inspire others, and to be a light in the world. My world vision is to make Women Rock Project a daily destination for women around the globe – that it will help us remember that everything changes, all things are possible, and to let love radiate."
